Prank 1:

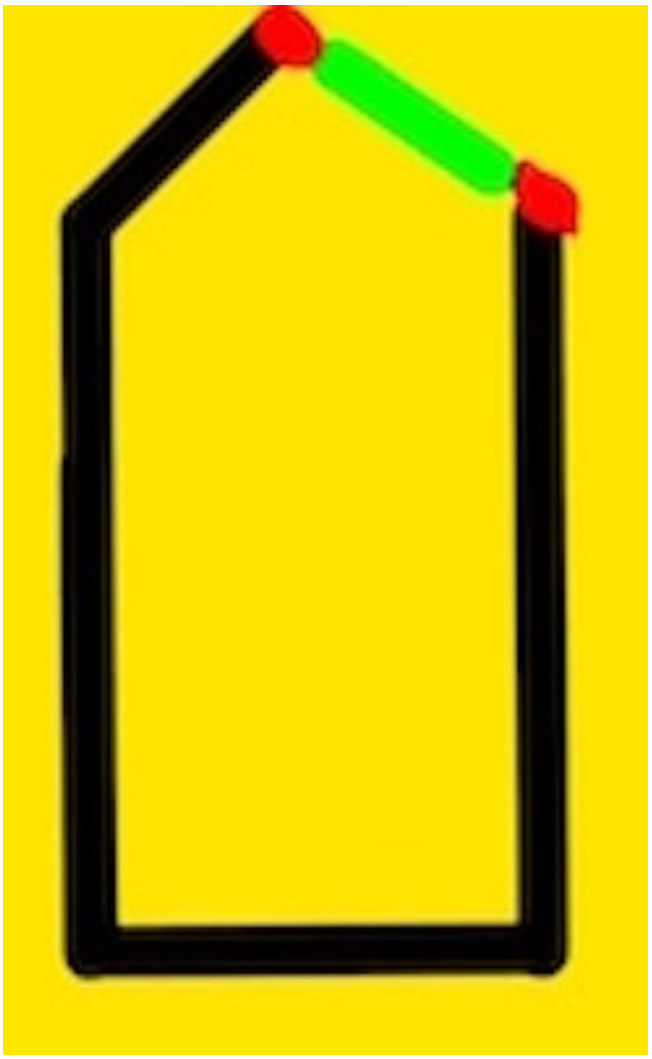
Lean a mousetrap against the inside of a cupboard door.
Then when someone opens it, the mousetrap falls out & goes snap!!! This will probably scare them.

Prank 2:

Tape the loose end of a toilet paper roll too the rest of the roll. When someone tries too use the toilet paper it won't unravel.

Prank 3:

Tape a peace of paper too a trash can as shown in the drawing below.



Key:

Green: Paper
Red: Tape
Black: Trash Can

Next, put something messy on the paper. Example:

1. Rice
2. Cat Food
3. Flour

Close the lid on the trash can. The paper will bend in. When someone opens the trash can it will launch the messy stuff out.
